✓ **Fast**

✓ **Safe**

✓ **Clear**

✓ **Permanent**

Advantages:

- Clear Paste — Brings Out Natural Pattern of The Stone, Eliminating The Need To Color Match Or Use Dust Or Chips—Paste Viscosity Allows It To Be Molded And Stay In Place While Curing On Vertical Or Edge Applications
- Under 15-Minute Complete Repair Time
- Non-Toxic and Virtually No VOC 's — No Need For Gloves Or Masks
- Safe For Use On Food-Prep Areas
- Permanent Repair — Will Not Yellow or Deteriorate Over Time
- Mold, Sand and Polish To High Gloss To Match Surrounding Surface
- Resistant to Water, Household Cleaners, Detergents And Acids

**Also great on most other Natural & Engineered Stones:
Travertine, Limestone, Slate, Sandstone, Quartzite, and many more**

Repair:

- **Chips**
- **Nicks**
- **Pits**
- **Deep Scratches**
